Website Portfolio

Portfolio Project, 2024

Website address - "https://rnnpbc.github.io/MyPortfolio-Website/"

Explore my website portfolio to discover the cool projects I've been working on! Immerse yourself in the intersection of creativity and technology within my world of front-end development and graphic design. Explore some of my simpler yet impactful creations, showcasing my expertise in HTML, CSS, JavaScript, and Adobe Creative Suite. Let's get inspired and collaborate on something amazing together!

➢ "I utilized HTML, CSS, and JavaScript to develop my new website, while for my previous website, I made used of Gsap, JQuery, and AI assistance. Additionally, I relied on GitHub as the platform to host it online."
➢ You can now access my website by clicking on this link or copying the website address from the top.

Academic Project

Capstone project, 2022-2023

Capstone Title "Web-Based Profiling and Smart Strand Analyzer for Incoming Grade 11 Students"

The purpose of this project is to help incoming 11th grade students decide which track or strand to pursue by answering some basic pre-determined questions about careers that require similar skills or share similar characteristics. And the system will determine which strand the student excels in based on the results. The project is free and can be accessed via mobile phones and desktops using a web browser and the internet.

➢ Working in a team, brainstorming on what is ideal for the website, and providing different suggestions to develop a better website.
➢ HTML, CSS, PHP, a little of Bootstrap, MySQL, and JavaScript were all utilized by the team.
➢ Have been able to improve my knowledge of HTML, CSS, and JavaScript. I am still growing and learning more about web development to boost my knowledge.

Graphic Design Portfolio

Graphic Design project, 2022-2024

Canva address -"https://www.canva.com/design/DAFuYRzPVdU/u_NjOuX3JpRCqfyA3NhOrg/view"

In this Portfolio, you'll find a variety of graphic design work I've done, like invitation cards, posters, logos, and website designs. I try to make each design fit the purpose and audience well, using colors, fonts, and images to communicate clearly. I'm always aiming for excellence and unity in my work, whether it's creating eye-catching posters or designing user-friendly websites.

➢ "I designed this portfolio using Canva."
➢ You can now access my canva design by clicking on this link or copying the site address from the top.

Technical Skills

Front-end
- HTML
- CSS
- JavaScript

Adobe Creative Suite
- Photoshop

Tools & Platforms
- Visual Studio Code
- GitHub
- ChatGPT
- MS Word
- PowerPoint
- Excel

Tech-Savvy

Soft Skills
- Intellectual curious
- Adaptability
- Communication
- Attention to detail
- Problem solving

Education

ACLC College of Daet

TVL - ICT Computer Programming NC III (Oracle Database, Java)

Bachelor of Science in Information Technology

Latin Honors and other Academic Awards

Hobbies & Interest

➢ Intellectual curious
➢ Adaptability
➢ Communication
➢ Attention to detail
➢ Physical organization

Languages

➢ Filipino
➢ English

Objective

Seeking an entry-level position in a reputable organization where I can learn new skills, improve my knowledge, and utilize my expertise in order to gain an opportunity where I can maximize my potential and contribute to the success of the organization.

Work experience (OJT & Immersion)

ACLC College, Office of Academic Head (09-2022) – (01-2023)

➢ On the job training (486 hours)
  - Making neat and organize material.
  - Encoding and thoroughly checking the student's TOR
  - Creating an excel database of newly enrolled students
  - Organizing the student's enrollment file requirements.

I learned communication skills such as active listening to those enrolling or needing assistance, as well as physical organization skills such as organizing material into distinct labeled folders so it can be quickly found, returning items where they belong after use, and keeping any other physical resources required for work orderly.

Sampaguita Department store and convenience store (11-2018) - (01-2019)

➢ Work Immersion (160 hours)
  - Making a design with Photoshop and illustrator.
  - Creating an invitation card, tarpaulin, and food menu.
  - Creating a t-shirt and mug design and printing it on t-shirts and mugs.

I have learned visual communication and enhanced my Photoshop skills and design creativity, as well as having the opportunity to test out different editing tools and machines and my ability to work in a team.

Asian Technological Skills Institute, INC. (01-2018) - (03-2018)

➢ Work Immersion (160 hours)
  - Assisting the school in arranging the student files.
  - I made a basic Photoshop project to promote the school.
  - Installing and setting up Windows and other software on a computer.
  - Making a phone call to help those who have signed the booking form for school enrollment.

Have improved my communication skills, active listening, problem solving, and adaptability.
